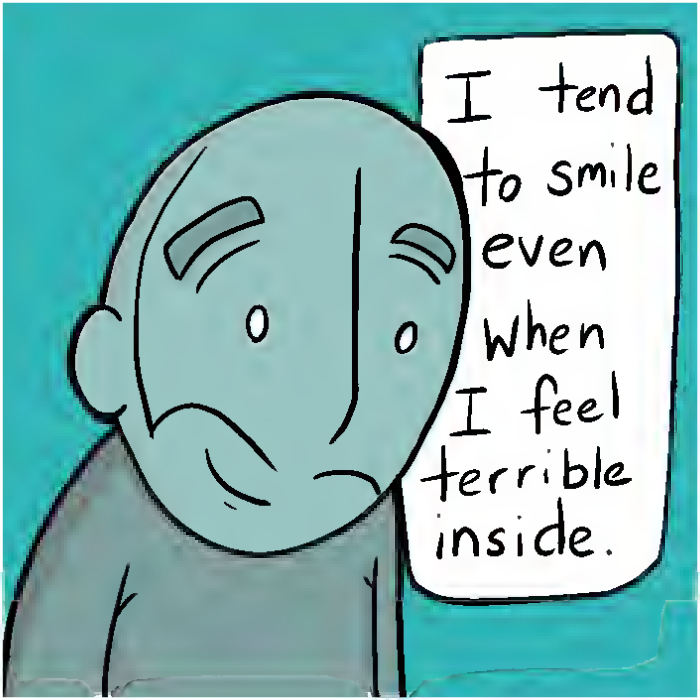
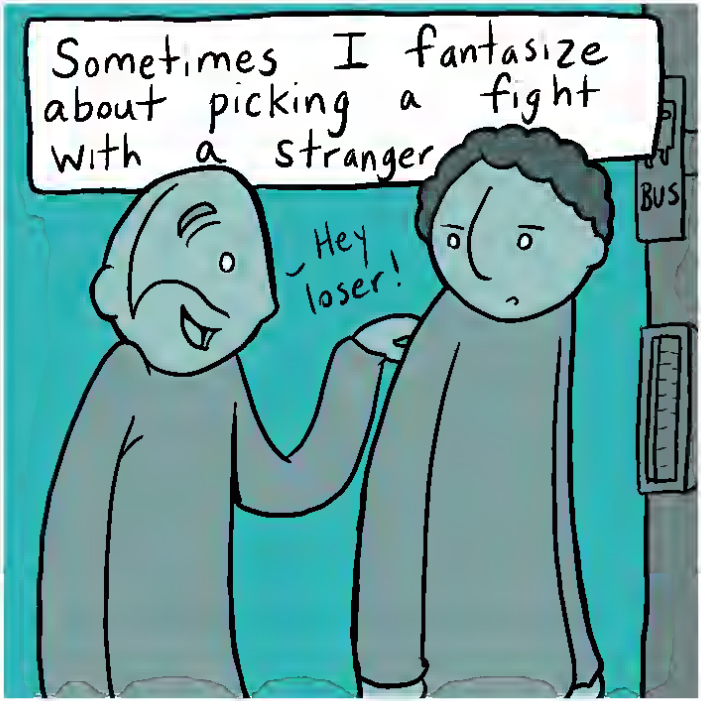
Lunarbaboon



I tend to smile even when I feel terrible inside.

I'm not sure how to stop myself from doing this.



Sometimes I fantasize about picking a fight with a stranger
Hey loser!
BUS

You
suck
so hard!

This way I would at least look the way I felt.

But in the end...
Hey!
"tap"

...I always chicken out...
You have a fluff on you.
oh thanks!

I always keep my feelings inside...
No worries!
I always just keep smiling
